Subject: Congratulations from your Attorney Christopher Civil, APPATHON Trademark is Registered!

Dear Irving Ho,

Congratulations! Your APPATHON trademark is now registered with the United States Patent and Trademark Office (USPTO).

I am the U.S. trademark attorney at the law firm of LegalForce RAPC Worldwide who helped you with moving the U.S. trademark application toward registration after your request through [LegalForce Trademarkia](#).

Now that your trademark is registered, here are some things to keep in mind: **Registered ® symbol:** You can now use the ® symbol next to your APPATHON name when you use it. For future reference, the official registration number for your APPATHON trademark with the Trademark Office is 4686158.

Structure your Business for Success: If there is anything I can do to help protect your brand or business, don't hesitate to ask. We are one of the largest intellectual property firms in the world. I can help you with matters related to protecting your brand internationally, patenting your inventions, trademarking your names/logos, copyrighting your original works of authorship, drafting terms of use and privacy policies for your website, or any other corporate legal issues you may face.

Stop Infringement: If you notice anyone currently infringing on your trademark rights, please let me know and we can schedule a time to discuss what options you may have available to you such as sending a cease and desist letter.

Renewal: You must renew your trademark between the 5th and 6th year after registration and every successive 9th to 10th year after the registration date after the first renewal. If you do not renew your registration, your trademark will be cancelled. Keep this in mind so your registration does not get inadvertently cancelled.
